

Housing Spectrum/Intervention and Prevention Committee

Housing Spectrum Task Force (note changed name from Housing Inventory)

Meeting minutes 7/28/14

Present: Jennie White (Coburn Place); Michael Butler (CHIP); Cindy Goedesky (John H. Boner Comm. Ctr.); Lori Casson (DaySpring Ctr.); Gretchen Hiller (HVAF); Leslie Kelly (Horizon House); Suzett Moffitt (Gods Helping Hand); Tyler Stumm (Midtown); Karin Thornburg (Midtown)

Compare success rate (housing retention) between transitional housing to permanent housing and streets to housing. Research tiers of housing and outcomes.

Discussion of how to measure when not everyone uses client track. Discussed use of satisfaction survey's when leaving transitional housing. Discussed identifying sub populations that use transitional housing and create snapshots. Data could be both quantitative and qualitative. Discussed reasons we are doing this as community has already expressed support of transitional housing in community ranking process. Need data to support.

- **Michael** to invite Eric to next meeting so we can see what data can be obtained from client track, when and how to access it. (number start in transitional and move to permanent housing – retention)

Identify sources (financing) beyond “usual suspects” (tax credits, SPC, etc.)

Reviewed financial resource inventory that CHIP had already compiled. Need to review this further to see what other areas may not be addressed and decide how to proceed.

Will also share with Investment Strategy Committee and coordinate on next steps so as not to duplicate, making them aware of our needs and priorities.

Explore need for more transitional housing (Housing First).

Discussion that need to first identify/assess transitional housing outcomes.

Expand on inventory of housing with tiered supports.

Discussion that believe Derrick (Julie Fidler's intern) is already doing this work.
