Supportive Service Task Force Surveys

Liaisons provided feedback on additional partners to include in the process for surveying the townships. Rachael will follow-up.

Youth Homelessness NOFA

Rachael provided an update on where we stand with the Youth Homelessness NOFA. The application is due November 30, and we are on track to submit on time. The liaisons shared that they heard from other communities about their intention to apply, so it will be very competitive. We are optimistic!

Youth Needs Assessment

Rachael shared that CHIP will be partnering at the district level to share and administer the assessment survey. The survey is currently going through the Internal Review Board (IRB) at IUPUI School of Public Policy. Rachael will send out the list of contacts that CHIP **will be contacting**. We have not reached out yet, as we are still under IRB review/approval.

Updates on ESSA related to foster care youth

Next Conference will be in Chicago. No dates on the website yet, but consider budgeting to attend. It will be in late October/Early November 2017. Registration is between \$500-\$550 depending on when you register, and hotels are typically \$130-\$160 per night.

The group discussed opportunities to include DCS with Dept of Education conversations about ESSA. Rachael will ask about December or January meeting attendance.

The group also asked for a renewed engagement with Family Promise (formerly Interfaith Hospitality Network) and have them at next meeting.

The group also talked about Safe Families attending next meeting to talk about their program.
