HIP has been managing rental subsidies since 2004 as an HPRP, ESG, RRH, PSH, SSVF, and VA Grant Per Diem provider; and as a housing coordination service provider since 2008. Eligible clients meet with a HIP Case Manager and Housing Specialist to create a sustainable rapid re-housing plan. The HIP Case Manager works with the household to resolve any immediate crisis and begins to mitigate any challenges to obtaining housing such as past evictions, credit problems and criminal history. The Case Manager continues to work with the family to identify the appropriate wrap around services needed and develops a plan to assist the family in retaining housing, including the provision of short or medium term financial assistance for move-in costs, rent, utility assistance and other financial needs. HIP's Housing Specialist offers assistance in locating safe, affordable housing that matches the household's preferences for amenities such as size and location. Placement may be with one of HIP's 30+ housing partners or in a newly identified property that meets the household's needs. The Housing Specialist also assists with the lease application, housing inspection and move-in, reviews tenant rights and responsibilities and is a liaison in tenant/landlord conflicts. Adult clients are encouraged to attend HIP's Rent Smart Workshop on housing, affordability, budgeting, maintenance, and understanding a lease. Based on client need, short or medium-term temporary financial assistance is provided for move-in costs and rent and utility assistance. Once housed, HIP's Case Manager will focus on linking households to community resources to support housing sustainability, such as the Centers for Working Families, Trusted Mentors, community centers and/or faith-based entities.

2. Project Name: 2018 HIP Rapid Re-Housing Expansion Project

3. Project Status: Standard

4. Component Type: PH

5. Does this project use one or more properties that have been conveyed through the Title V process? No

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

HealthNet Homeless Initiative Program is requesting \$245,458 for rapid re-housing and services for 15 households including individuals and families. Literally homeless households will be referred through Indianapolis' Coordinated Entry process using a common application based on acuity. HIP's housing specialist will assist in finding safe, affordable housing including preference for size and location. HIP Case Managers work with households to mitigate challenges to obtaining housing and to create a plan to maintain housing, including increasing income and connecting to community supports. Case Managers ensure the educational needs of all children are addressed linking with such programs as Head Start and the McKinney Vento Liaisons. HIP's employment team will offer support to increase income. Rental assistance will be provided depending on need with a goal that each household assume full financial responsibility as quickly as possible. This combination of housing identification, rent assistance, case management, and employment assistance will be tailored to each household to shorten time in shelter and prevent a return to homelessness.

2. Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work.

HIP uses an Implementation Team, consisting of management and staff necessary to successfully launch new grant funded programs. The Implementation Team develops an outline for each new program along with the steps, persons responsible, and the timeline to make the program operational as quickly as possible. HIP has been providing grant funded housing assistance for the homeless population in Indianapolis since 2008. Over the last year, HIP staff have been active participants in the Coordinated Entry Workgroup. Through these efforts, new processes are being tested in the community for the purposes of working with one common housing application, one common housing pool and one common housing process. With these new processes being developed, HIP staff have been working on internal processes to ensure rapid response. HIP is actively engaged in coordinated entry and will be prepared to ramp up should CoC RRH be awarded in order to accomplish RRH goals on a greater scale. The Implementation Team for the RRH Program consists of: HIP's Director with support from HealthNet's Board of Directors, CEO, COO and CFO; HIP's Grants Coordinator who prepares spreadsheets for data reporting and quality assurance, and working with the HMIS lead to ensure necessary data entry; HIP's Supervisor of Triage/Outreach, Case Management, and Housing who develops staffing plans, coordinates work flow to ensure efficient coverage, and creates chart guidelines; a HIP Case Manager ensures that current practices are tweaked to fully implement new programming; the lead HIP Housing Specialist completes and/or coordinates housing paperwork, ensures workflow efficiency through the housing department, evaluates and improves Rent Smart teaching modules, and informs landlords and community

housing partners; HIP’s Employment and Training Supervisor optimizes workflow in that department, creates staff time for housing committees, and ensures understanding among staff; and HIP’s Department Secretary who develops and orders needed supplies and equipment to ensure that staff have what is needed to get the job done. The Implementation Team also provides RRH training for all HIP staff and to other providers in the community to ensure that everyone involved understand the process, desired outcomes, and impact. The project will achieve full lease up six months into the project.

1a. Are the proposed project policies and practices consistent with the laws related to providing education services to individuals and families? Yes

1b. Will the proposed project have a designated staff person to ensure that the children are enrolled in school and receive educational services, as appropriate? Yes

2. Describe how participants will be assisted to obtain and remain in permanent housing.

RRH clients will meet with HIP's Housing Specialist for placement into permanent as quickly as possible while ensuring housing choice, safety, and affordability. The Housing Specialist assists with the lease application, housing inspection and move-in, reviews tenant rights and responsibilities, and is a liaison in tenant/landlord conflicts. RRH clients will meet with a HIP Case Manager to mitigate challenges to obtaining housing such as past evictions, credit problems and criminal history, and create a plan for continued housing stabilization services focused on maintaining permanent housing, including increasing income, decreasing debt, accessing mainstream resources and connecting to community supports. This combination of housing identification, rent assistance, case management, and employment services will be tailored to meet the needs of each family to both shorten the time the family is homeless and to prevent their return to homelessness.

3. Describe specifically how participants will be assisted both to increase their employment and/or income and to maximize their ability to live independently.

At the initial meeting with the case manager where housing stability goals are established, all adult clients are offered the opportunity to meet with a HIP Employment Specialist who conducts an employability assessment and develops a customized set of employment services based upon an assessment of math and reading skills, strengths for the job market, job readiness, and barriers to employment. This customized set of services includes but is not limited to: 1) a week-long SKILLS THAT WORK Pre-Employment Workshop, 2) Structured Job Search, conducted in a group format and facilitated by an Employment Specialist three half-days a week, and 3) Individual Job Search Assistance, conducted one-on-one with an employment specialist until

employment is secured. In addition to the above mentioned services, clients also have access to the following supportive services: 1) Transportation: Bus passes while in job search or skills training and bus tickets for back and forth to work until client receives first full paycheck or gas voucher for car if client is driving to work or to the HIP office to participate in program activity; 2) Employment Assistance: Police checks, boots, tools, uniforms and other appropriate items for employment; 3) Training & Education Assistance: Payment for participants needing enhanced job skills to achieve their Individual Employment Plans (IEP) or direct linkages to training and educational opportunities through Mobile WorkOne including WorkOne Indy, Virtual WorkOne, WorkINDiana and Employ Up; and, 4) Child Care: Limited funds for short-term payment of child care for parents in job search or during the first few weeks of employment.

Dear Sir:

This letter is in response to your request for a copy of your organization's determination letter. This letter will take the place of the copy you requested.

Our records indicate that a determination letter issued in September 1984 granted your organization exemption from federal income tax under section 501(c)(3) of the Internal Revenue Code. That letter is still in effect.

Based on information subsequently submitted, we classified your organization as one that is not a private foundation within the meaning of section 509(a) of the Code because it is an organization described in section 509(a)(3).

This classification was based on the assumption that your organization's operations would continue as stated in the application. If your organization's sources of support, or its character, method of operations, or purposes have changed, please let us know so we can consider the effect of the change on the exempt status and foundation status of your organization.

Your organization is required to file Form 990, Return of Organization Exempt from Income Tax, only if its gross receipts each year are normally more than \$25,000. If a return is required, it must be filed by the 15th day of the fifth month after the end of the organization's annual accounting period. The law imposes a penalty of \$20 a day, up to a maximum of \$10,000, when a return is filed late, unless there is reasonable cause for the delay.

All exempt organizations (unless specifically excluded) are liable for taxes under the Federal Insurance Contributions Act (social security taxes) on remuneration of \$100 or more paid to each employee during a calendar year. Your organization is not liable for the tax imposed under the Federal Unemployment Tax Act (FUTA).

Organizations that are not private foundations are not subject to the excise taxes under Chapter 42 of the Code. However, these organizations are not automatically exempt from other federal excise taxes.

Donors may deduct contributions to your organization as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to your organization or for its use are deductible for federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Health Net, Inc.
35-1579827

Your organization is not required to file federal income tax returns unless it is subject to the tax on unrelated business income under section 511 of the Code. If your organization is subject to this tax, it must file an income tax return on the Form 990-T, Exempt Organization Business Income Tax Return. In this letter, we are not determining whether any of your organization's present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

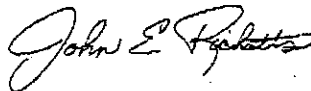

The law requires you to make your organization's annual return available for public inspection without charge for three years after the due date of the return. If your organization had a copy of its application for recognition of exemption on July 15, 1987, it is also required to make available for public inspection a copy of the exemption application, any supporting documents and the exemption letter to any individual who requests such documents in person or in writing. You can charge only a reasonable fee for reproduction and actual postage costs for the copied materials. The law does not require you to provide copies of public inspection documents that are widely available, such as by posting them on the Internet (World Wide Web). You may be liable for a penalty of \$20 a day for each day you do not make these documents available for public inspection (up to a maximum of \$10,000 in the case of an annual return).

Because this letter could help resolve any questions about your organization's exempt status and foundation status, you should keep it with the organization's permanent records.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

This letter affirms your organization's exempt status.

Sincerely,

John E. Ricketts, Director, TE/GE
