2B. Experience of Applicant, Subrecipient(s), and Other Partners

1. Describe the experience of the applicant and potential subrecipients (if any), in effectively utilizing federal funds and performing the activities proposed in the application, given funding and time limitations.

1) HVAF of Indiana, Inc. has been administering the Supportive Services for Veteran Families Grant since 2011. Using this Rapid Rehousing grant from the Department of Veterans Affairs, HVAF has provided rapid rehousing for veterans and families in 8 counties of Central Indiana, including Marion. We have extensive experience housing veteran families that are homeless and also providing assistance for veteran families facing eviction, while providing case management, employment and legal services to ensure the maximum opportunity for stability. Last year, HVAF served 501 veteran families under the SSVF grant. HVAF averaged 36 days to move into housing with a return to homeless rate of 19% after 1 year, 23% after 2 years.

Additionally, HVAF has been operating a crisis housing program for over 20 years, providing wrap around supportive services to ensure veterans move as quickly as possible into permanent housing. Last year, on average, veterans spent less than 6 months in crisis housing, with approximately 80% leaving HVAF for permanent housing.

All of HVAF's programs are under the supervision of 2 Licensed Clinical Social Workers. In total, HVAF served 1,201 veterans last year, and an additional 100 veterans each month during our food, clothing and hygiene outreach.

2) HVAF maintains a Housing First approach, and all of our programs have low barriers to entry. For more than 20 years, HVAF has been serving veterans, many of whom fall into the highest needs: those with mental health and substance abuse disorders, multiple evictions, criminal histories, etc. Individuals are not re moved from HVAF programs or prevented from entering based on substance use. It is standard practice for HVAF case managers to link veterans and families with all appropriate mainstream resources, including: disability benefits, health insurance (including Medicaid), food stamps when eligible and medical/dental/eye care. We routinely refer clients to the Eskenazi Advantage program for those in need of medical health treatment. Internally, HVAF provides case management, peer mentoring programs, including substance abuse programs, legal assistance and employment services.

2. Describe the experience of the applicant and potential subrecipients (if any) in leveraging other Federal, State, local, and private sector funds.

HVAF of Indiana has extensive experience managing and accounting for federal grant dollars. For over 20 years, HVAF has been managing funding from the Department of Veterans Affairs Grant and Per Diem Program. Under this program, HVAF manages five different projects with monthly billings accounting

for approximately 175 crisis-housing beds; and bills federal agencies for \$225,000 for services provided each month. For more than 6 years, HVAF has been a recipient of over \$1,000,000 each year under the Department of Veterans Affairs Supportive Services for Veteran Families grant. HVAF has also been the recipient of federal funding from the Department of Labor and Indianapolis Continuum of Care as well as grants from a myriad of private foundations.

3. Describe the basic organization and management structure of the applicant and subrecipients (if any). Include evidence of internal and external coordination and an adequate financial accounting system.

HVAF's Rapid Rehousing Program will combine resources from the Indianapolis Continuum of Care and Supportive Services for Veteran Families to create a more robust rapid rehousing program to serve those qualified for SSVF and those veteran families that are not eligible for assistance. Currently, HVAF screens out approximately 100 clients each month that are in need of housing assistance, but ineligible for federal veterans' benefits or do not meet the criteria for any program we offer. We maintain a spreadsheet documenting interactions all clients denied services at HVAF. These clients are referred to Coordinated Entry, however, with expanded capacity HVAF could immediately rehouse additional clients. All HVAF programs are under the supervision of 2 LCSWs (Bryan Dysert and Cindy Thomas), with immediate supervision of the SSVF team provided by Mark Lykins, LCSW. The Rapid Rehousing Team currently consists of several case managers, housing specialists and employment specialists. The crisis housing units that would be used as bridge housing for those facing more significant barriers are under the supervision of Bryan Dysert, LCSW and will be provided case management, employment services and housing assistance by qualified social workers. The crisis housing would be very short term, with every effort made to quickly move clients to permanent housing.

The accounting procedures used by HVAF conform to Generally Accepted Accounting Principles (GAAP). This fiscal management policy includes a system of internal controls, which minimizes the likelihood of misappropriation of assets or misstatement of the accounts and maximizes the likelihood of detection should this occur.

HVAF's financial duties are distributed among multiple people to help ensure protection from fraud and error. These lines of authority and segregation of duties aims for maximum protection of the organization's assets, while also considering efficiency of operations. No person other than the President and CEO or the Chairman of the Board may legally financially obligate HVAF in any way.

The CFO prepares regular financial reports on an accrual basis and in accordance with GAAP on a monthly basis; financial reports are prepared for the Board of Directors for the previous month in the week prior to the monthly Board meeting. The board of directors reviews the monthly financial statements and approves them subject to audit. The CFO prepares the income statement, balance sheet, and a comparative year to date budget performance report. The information from these financial reports is summarized in the financial portion of the balanced scorecard.

4a. Are there any unresolved monitoring or audit findings for any HUD grants(including ESG) operated by the applicant or potential subrecipients (if any)? No

3A. Project Detail

1a. CoC Number and Name: IN-503 - Indianapolis CoC

1b. CoC Collaborative Applicant Name: City of Indianapolis

2. Project Name: 2018 HVAF TH-RRH

3. Project Status: Standard

4. Component Type: Joint TH & PH-RRH

5. Does this project use one or more properties that have been conveyed through the Title V process? No

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

HVAF's Rapid Rehousing Project will consist of 9 crisis-housing beds in Marion County and rapid rehousing in apartments in the community for veterans and families. The crisis-housing will focus on those with higher barriers. We have a waiting list for these beds and anticipate full occupancy immediately. Case managers will work to move clients quickly into permanent housing, with very limited stays in crisis housing only if absolutely necessary. Those ineligible for SSVF will be served using funding from the CoC, with a goal of providing rental subsidies for 11 units, that should turnover throughout the year allowing 48 clients to be rapidly rehoused. HVAF will strive to serve more women, families and youth with the funding provided by the CoC, with a goal of 60% homeless individuals and 40% families. In total, HVAF's Rapid Rehousing Program will serve approximately 448 veteran families at a cost of \$2999 per client.

HVAF will provide crisis housing for individuals with multiple barriers to permanent housing, such as evictions, criminal record, etc. Entrance into housing with a low barrier, and services will include: intensive case management, employment service, legal assistance, and referral to mainstream benefits including Medicaid or other health insurance programs, food stamps and disability benefits.

HVAF will provide rapid rehousing for clients by assisting with security deposits, utilities and short-term rental assistance. Clients will be provided housing assistance, case management, employment services and legal assistance. Referrals to mainstream benefits such as Medicaid and other health insurance, food stamps and disability benefits will be made to ensure stability.

2. Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work.

HVAF currently provides crisis housing to veterans ineligible for federal benefits, as well as has an existing RRH project funded through SSVF. Expanded capacity to serve those not eligible for SSVF would begin immediately upon grant award. The needs of each client will be evaluated so that funding can be used to serve as many clients as possible, with a target of 400 SSVF eligible clients and 11 units for non-eligible clients that should turnover throughout the year allowing 48 clients to be served. Approximately 448 clients will be served in total, with a cost of \$2999 per client. HVAF will immediately (upon projected grant award of May 2018) begin serving clients eligible for assistance under this grant upon notification of the award with full occupancy projected within the first quarter of grant funding.

1b. Will the proposed project have a designated staff person to ensure that the children are enrolled in school and receive educational services, as appropriate? Yes

2. Describe how participants will be assisted to obtain and remain in permanent housing.

Veterans will receive case management, including budget assistance, life skills, as well as financial assistance for security and utility deposits and rent until permanent housing is stabilized.

3. Describe specifically how participants will be assisted both to increase their employment and/or income and to maximize their ability to live independently.

With the assistance of Employment Specialists, clients complete an Individualized Employment Plan that enables the client to address employability issues such as, criminal history, lack of transportation and set employment goals. Clients are enrolled in HMIS and case notes are updated to reflect participation in the Employment Program. Next, clients participate in an Occupational Skills Assessment in order to determine the field of work in which they are interested and self-identify their top three job preferences, along with desired salary and location based on the availability of transportation. In preparation for obtaining employment, clients receive assistance developing resumes, cover letters, and interview preparation. HVAF offers computer training and assistance completing online employment applications. Since transportation is a major barrier for many of our clients, we provide bus passes and individual transportation to and from interviews and job fairs. Once employment is established, HVAF conducts bi-weekly follow up calls with clients and employers to ensure long-term employment success. We collaborate with WorkOne for job referrals and Operation Job Ready Vets for their week-long preparation course, the Department of Veterans Affairs Homeless Veteran Supportive Employment Program, Easter Seals, Danny's Closet and the Homeless Initiative Program.
