

# Indianapolis Coordinated Entry Application for Housing and Services: Next Steps

Thank you for completing the Indianapolis Coordinated Entry Application with

\_\_\_\_\_ from \_\_\_\_\_ on \_\_\_\_\_  
Name of Navigator Agency and Phone # Date

## Based on your needs and eligibility, you are now in the wait pool for:

- Short-term Housing Assistance** (Permanent housing option that includes intensive case management services for up to two years depending on the program. Rental assistance may be available based on individual need but the goal is for you to achieve housing stability and independence as quickly as possible. Supportive services focus on the goals that you identify. You will be asked to follow the guidelines and inspections of your lease and essentially be a good neighbor.)
- Permanent Supportive Housing** (Permanent housing option that includes supportive services based on the need and desire of your household. You will be asked to make some minimal mandatory meetings, follow the rules and inspections based on landlord requests and essentially be a good neighbor. You will pay 30% of your income towards rent but you will not lose your housing if you lose your income. If you do not have any income, rent and utilities are covered at no cost to you.)
- Safe Haven** (Temporary housing option where you live at the facility. The program focuses on mental health and physical health while increasing stability and looking for permanent housing solutions.)
  - First Home
  - Blue Triangle
- Veteran Programs** (if applicable, see back)

## What's next?

Before you can be enrolled in a program, we will need items from the check list (see below) on file. There are limited resources in our community and prioritization for programs are based on a number of factors. We can't say when a unit will be available for you but when you are matched with an opening, you will be contacted based on the information you provided today. If you have not been matched with a program within six (6) months, we will have to complete the VI-SPDAT assessment again so we have updated information about your situation and experiences. You can update the assessment at any Coordinated Entry Access Point. If your situation changes or you have a change in contact information, please let an Access Point know so we can update your application.
